

Archdiocese of St. Louis

Attached are your Delta Dental membership cards.

As the employee of **The Archdiocese of St. Louis**, please enter your name and social security number on the attached cards. You and your eligible covered dependents will be asked to present this card when services are received at a dentist's office.

NOTE: In compliance with numerous federal and state privacy regulations, it is not necessary that you list your social security number on this card. However, the employee's social security number is required by the dental office in order to file the claim with Delta Dental.

The Archdiocese of St. Louis dental program provides benefits for covered services received from any licensed dentist. However, over 90% of the dental offices in Missouri and over 70% across the United States have a special contract with Delta Dental.

These DeltaPremier dentists:

- Agree to file claims for Delta Dental patients – saving you time
- Accept set fee allowances – your out-of-pocket may be less
- Will not charge patients for services deemed to be “non-billable”
- Will only charge for deductibles (if any), co-payments and any non-covered services.

To determine if your dentist participates in Delta Dental's Premier network, simply:

- Visit Delta Dental's website at www.deltadentalmo.com.
- Call your dentist's office and ask if they participate with Delta Dental.
- Call Delta Dental at the phone numbers provided on the reverse side of the identification card and request a directory.
- Mail the postcard included with your enrollment packet to Delta Dental.
